

CAPABILITIES STATEMENT

At our 88th year of service, this company started out repairing and rewinding small motors, armatures AC & DC. Repairing motors for the US Navy during World War II, and the Pullem Train Co. Expanding to the rebuilding of elevator motors, oil burner motors, and all types of pumps... in a big way! At W&S, we are capable of completing all jobs from start to finish, with our own personnel. Keeping your cost down. Our shop consists of an experienced team of mechanics, field technicians, electrical controls and troubleshooting technicians. We are looking forward to the opportunity of becoming your service company.
